Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

NOTE: To protect student privacy, gender counts are suppressed (*) when fewer than 6 students enrolled in the district identify as non-binary.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

Chronic Absenteeism and Suspension/Expulsion

District	57	1.8	28	0.9
State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: Fewer than 6

Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	92.4%	1.6%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

The 2020-21 school year provided unprecedented challenges for the Guilford Public Schools. Our main focus during the 2020-21 was to keep our students and staff safe and engaged in quality learning opportunities. Through the diligent leadership of our administrative team, using platforms such as Zoom, Google Classroom, Seesaw, Flipgrid, and Classkick, our staff was able to provide a stellar hybrid model of virtual and in-person classes. Despite some logistical constraints, across the district, virtual opportunities for parents to participate in and/or observe included parent teacher conferences, Back to School nights, PTO meetings, musical and theatrical performances, and classroom activities. Parents received communications consistently from the Superintendent regarding COVID cases at their student's respective schools. Families also received communications providing up-to-date resources regarding COVID, distance learning, and technology support. The district continued an open dialogue with parents and students regarding feedback on their experiences with remote learning to help us adjust our delivery and approach to make aspects of the learning and technology more user friendly.

Guilford also maintained its partnerships throughout the pandemic with the Institute for Learning (IFL) at the University of Pittsburgh, the Connecticut Center for School Change, the Center for Assessment, LEARN, and Insight Education. Much of this work was facilitated through professional learning communities in support of teacher collaboration and focused on rigorous instruction.

Many PTO activities were maintained in a virtual or "take home" manner during the pandemic such as an Art and STEM Fair at Baldwin Middle School. Parents were invited to join virtual presentations by speakers from the community that supported curricular content. Baldwin Middle School also held a movie night for families. Graduation and stepping up ceremonies were held either virtually, in-person, or hybrid as dictated by COVID health and safety protocols. Weekly newsletters and ongoing school messenger notifications were provided to keep parents informed and updated.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Guilford Public Schools continues to be committed to addressing the culture, climate, and instructional practices in our schools to foster an environment of equity and social justice. In consultation with Dr. Donald Siler from the University of Saint Joseph, the district began a self-study equity audit of our Social Studies and English Language Arts curricula. After a year or more of discussions, input and feedback from parents, students, staff, alumni and community members, the Guilford High School mascot was changed from the "Indians" to the "Grizzlies." The district worked with leaders from UCONN's Human Rights and Education and History departments, and the Executive Director and Senior Partner to Wabanaki Nations for the Abbee Museum in Maine to support and facilitate discussions on changing the mascot's name. Through our PTO's, Anti-Bias, Anti-Racist (ABAR) Alliances were formed in all of our schools to help create a collaborative partnership of educators, parents and caregivers to work to further inclusion, equity and tolerance in our schools and the community at large.

Guilford Public Schools continued to place an emphasis on our students' social and emotional needs during the pandemic. The Superintendent's Advisory group continued to meet virtually to discuss additional ways to provide social and emotional support for our students. Guilford High School established a student-led Cultural Competence Committee where students work on initiatives with the school and community that promote equity and inclusion. The ABC Program sponsored six minority students from New York who are spending their high school experience in Guilford. The ABC Program has been in existence in Guilford since 1974. The Gender Sexualities Alliance (GSA) meets regularly at GHS to support students with different sexual orientations or gender identities.

Clubs in grades 5-12 met virtually to maintain their connections. The Choose Love Initiative was embraced in all of our elementary schools and Baldwin Middle School to promote a positive and safe learning environment. Second Step lessons focused on making safe decisions were led in elementary classrooms by the school social workers.

Equitable Allocation of Resources among District Schools

GPS maintained our traditional budget process. Challenges with stretching resources to support learning required many additions such as custodial staff for the cleaning of the buildings, safety equipment for staff and students, bus monitors, etc. Grant funding supported curriculum work, professional development for mental health staff to address students with COVID-related trauma, anxiety and school phobia, and health and safety training for staff. Additional software, math manipulatives, books, and readers to provide individual resources to limit contact and support social distancing were also allocated. Funding supported salaries for additional staffing such as nurses, lunchroom aides, building substitutes, classroom teachers, and custodians. Dining service hours were extended as well as providing additional buses, PPE, and cleaning supplies. Grants funded a summer program, foundational skills work for K-2 students, and the hiring of a technology integration instructional specialist as well as training to enhance culturally relevant pedagogy and rigorous instruction. Training was held for staff in trauma-informed practices in response to pandemic-related mental health concerns.
