Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 139

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	85.3%	8.7%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Killingly School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Killingly Public Schools annually adjusts out a three-year Continuous Improvement Plan (CIP) aimed at increasing student achievement. In 2018-2019, KPS engaged our full community of parents, educators and students in the development of our 2019-2022 Continuous Improvement Plan. The 2019-2022 CIP focuses on the areas of talent, academics, climate and operations. To guide this plan, KPS had adopted the following core values; Positive Relationships Matter, Adult and Student Empowerment Matters. Clear and High Expectations Matter, Continuous Improvement Matters, Shared Responsibility Matters, and Focused Collaboration Matters. To support these core values, Killingly Public Schools has implemented programs which support our Theories of Action. As part of our Continuous Improvement Plan, Killingly Public Schools has partnered with Knowledgeworks and the League of Innovative Schools, to ensure a cohesive student-centered learning environment at all schools which places a focus on proficiency-based instruction and assessment. In the Killingly community, all schools have implemented structures to allow our Professional Learning Communities (PLC) to collaborate, to integrate and to adjust needs-based instruction to meet the academic, social, and emotional needs of every student. Additionally, the district has a comprehensive action plan to address attendance and truancy issues. Student data is consistently reviewed, and strategies are recommended through the "Student Success Program" or SSP. As a district, KPS is committed to doing whatever it takes to make a positive difference in the lives of our students to keep them connected, engaged and earning credit towards graduation.

Parents were and continue to be actively involved with planning related to instruction during the COVID-19 pandemic. Parents participated in the COVID-19 planning process via virtual meetings, surveys, and email correspondence. During the pandemic district staff increased activities related to home visits. Academic and attendance data was tracked to identify students/families who were in need of assistance. The district, already partially 1 to 1 quickly moved to distribute devices to all students to facilitate remote and hybrid instruction models. We also worked to facilitate connections to the internet by providing mobile hotspots to families.

Killingly Public Schools continuously engages in activities and initiatives to involve parents in their student's education. Each school holds evening events, such as Family Nights, Curriculum Updates, Fitness Nights, and Recognition Nights. Our Board of Education held a forum to elicit input from families and community members. Three of our five schools have School Governance Councils where families take an active role in the planning and improvement of school programs. Additionally, schools engage families through electronic means via webpages, email, text messaging, social media, and automated phone services. The entire district has transitioned from individual support classrooms into the direction of a full-inclusion model. To help all students be successful in the regular education program, pyramids of intervention have been strategically developed in all buildings throughout the district.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Killingly Public Schools have provided many opportunities for teachers and students to gain increased awareness of diversity, greater sensitivity to differences, and personal experiences to connect cultures. The faculty and staff have made conscientious efforts to incorporate diversity in a community that has a limited diverse population. In 2019, all Killingly Public Schools faculty completed training in diversity awareness. Additionally, Killingly incorporates many programs focused on building a community where all students feel safe and respected. These include: Club activities at KHS and KIS which have been designed to support inclusiveness, including an active GSA chapter. The students at KHS also have opportunity to participate and lead activities as members of the Social Justice Club. A partnership between Killingly High School and the Anti-Defamation League to provide community learning through the "Names Can Really Hurt Us" program. To ensure instructional and equitable responses to student behaviors, our middle school and high school faculty have participated in professional development on Restorative Practices which focus on improving peer-peer, adult-students, and adult-adult relationships. The elementary schools and middle school will continue to participate in responsive classroom to support all learners. Interested students from the Killingly Intermediate School participate in a unique one-on-one multicultural mentoring program, Kids & UConn Bridging Education (KUBE). The goals of the program are to reduce racial, ethnic and economic isolation and to help students achieve academic success in science, writing, and 21st-century skills. The UConn students consist of two program coordinators, ten group leaders, and approximately 75 mentors that meet monthly with the 75 middle school students in Storrs. Grant dollars continue to assist the district in providing opportunities for students to increase awareness of differences through inter-district activities and after-school programs. We are particularly proud that KHS students, through the KHS Social Studies Department, participated in the Witness Stones Project.

Equitable Allocation of Resources among District Schools

Killingly Public Schools allocate resources to ensure equity and address needs each year. Annually, during the budget process, our building principal(s) and program directors work with staff and school site teams to create a financial plan for the following year. Our programs are allocated funds per teacher for instructional supplies. Separately, each department articulates their specific needs for additional instructional and equipment supplies. As part of this process, principals and directors present their total budget to the business office and the Superintendent of Schools. Also, as part of the budget development process, "decision packages" representing requests for new staff, programs, and/or equipment may be submitted to the Superintendent for review. Decision packages are compiled and presented to the entire administrative team to be prioritized before they are sent to the Fiscal Subcommittee of the Killingly Board of Education.
