Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 27

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	6.8%	<=5%	19.0%
	High Needs Students	11.8%	<=5%	30.2%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	89.7%	4.3%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

During the 2020-21 school year the Lebanon Public Schools was in year two of a 5-year school improvement plan. The District continued their efforts to roll out the Lebanon Public Schools Portrait of the Graduate initiative. Each of our schools developed and implemented school plans based upon the Strategic Plan and the PoG.

School improvement within the Lebanon Public Schools is ongoing with goals and plans to pursue excellence. Targeted interventions are utilized for students to accelerate learning. Computer applications such as Study Island & NWEA are utilized to assess and monitor performance. Data is reviewed to set benchmark criteria and determine focused professional development needs.

Students and teachers utilized multiple technology platforms including Jamboard, Padlet, Google Classroom, Literacy Footprints, and RAZ Reading to enhance and enrich instruction for distance and in person learners. Continued development of a shared writing rubric for grades 5-8 was done to support coherence of expectations. Several AP and UConn ECE courses were added at Lyman Memorial High School, for a total of 11 courses over the three years of the plan.

Families were invited to virtual concerts, talent shows, and presentations to showcase student work and growth. Schools partnered with the PTA to continue meetings and events centered around community building. The schools provided family engagement nights to promote literacy The Bulldog Bash, an outdoor activity, in place of a formal Prom & the musical "A Gentleman's Guide to Love and Murder" were offered at Lyman. Our district hosted school wide virtual events involving the community for Veteran's day, Flag day, our Art Show and a band concert. In order to increase community engagement one of the potential components of the Senior Project revamp is a Community Engagement option for seniors. The district live streamed sports contests, National Honor Societies induction, French & Spanish Honor Society induction and Graduation. Virtual open houses and parent teacher conferences were highly attended by families. Additionally all Board of Ed. meetings were live streamed to YouTube. The district further worked to keep families connected by updating information on the district website and using SeeSaw and Google Classroom for daily communications. Weekly Thrillshare emails were sent out to families highlighting school and community events. Monthly administration newsletters were created to celebrate student accomplishments and school events.

The district Implemented the Behavioral and Emotional Screening System as a universal screen for PK-12 students. Data was compiled to identify behavioral and emotional strengths/weaknesses of students and to form intervention groups to address areas of concern. Restorative practices were used by staff to support students' social emotional growth and assist with problem solving for conflict resolution. All classrooms implemented Second Step social emotional curriculum PK-4. All teachers chose social emotional goals related to feelings, climate & culture.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Lebanon Public Schools, in an effort to increase and expand interactions among students of all backgrounds, provide our students with diverse experiences. Units of study include opportunities for students to learn about various cultures. Visits from parents and community members have enhanced the curriculum and given a unique perspective for students related to travel, nontraditional careers and family backgrounds. Field trips and numerous fine arts presentations reduce the isolation in Lebanon and promote learning about people of different origins. Economic isolation is addressed through our eighth grade participation in the Lebanon Middle School (LMS) "Job Shadow" & Lyman Memorial High School (LMHS) Career Day. Many professions are represented and students spend time with leaders in these fields.

Lebanon Elementary School (LES) students are provided with assemblies, thematic instructional topics and literature that foster cultural understanding and enrich their understanding of the world around them. Fourth grade students participate in a leadership program with students from other area schools. ELA and social studies teachers at LMS and LMHS worked with the curriculum director to review novels and textbooks used for cultural and racial diversity. The LMS and LMHS World Language Departments expose students to our national and foreign Hispanic culture. North American & European French cultures are also studied. LMHS participates in the Connecticut Youth Forum which brings students together from many different high schools in the state. Students at LMHS participate in the Model UN, meeting with delegations from other countries and participating with other high schools. LMHS students have the opportunity to join other local high schools for co-op sports in swimming and diving, wrestling, football and hockey.

Virtual assemblies occurred monthly. During these gatherings students were recognized for participating in events centered around community civic engagement (Stomp Out Cancer, collecting items for local pantries, Veteran's day collection, Pennies for Patients). Additionally, diversity assemblies and had a focus on lessons/literature during Black History Month. The district also held a Bullying Walk in recognition of the UN Anti- Bullying Day.

Equitable Allocation of Resources among District Schools

The Board of Education members and the administration strive to provide a quality education for all students. They advocate for funding that will provide a positive educational experience and prepare all students to be Career and College Ready. The Board of Education and administration are vested in improving student achievement and lobby for appropriate funding each year. We provide resources equitably across the district to improve teaching and learning. The goal is to always move the district in a positive direction and provide for the needs of all learners. To guide this work, the Board adopted a 5-year Strategic Plan for the 2019-2024 school years. The Board also implemented the Lebanon Public Schools Portrait of a Graduate in 2019-20. This document helps guide expectations for student learning across all grades.
