Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 101

Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	27.0%	<=5%	19.0%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	93.1%	0.9%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Ledyard School District

Narratives

School District Improvement Plans and Parental Outreach Activities

School improvement plans and professional development activities are aligned to the Board of Education's vision, theories of action, and strategic plan. Ledyard has improved special education programming and focused on developing strong connections and positive relationships. The district partners with Effective School Solutions, which provides an in-district clinical program to support and meet the social and emotional needs of high school students. A PK-22 continuum of services has been developed to effectively address the individual needs of all students with disabilities. Additionally, Ledyard has fully implemented Positive Behavioral Interventions and Supports (PBIS) district-wide.

Ledyard supports students with special needs ages 18-22 in its Transition Academy. A support group for parents of children with Autism Spectrum Disorder was developed, as well as workshops for parents of students grades 6-12+ supporting post-secondary transition.

Ledyard continues to embrace a shared leadership philosophy. Teachers serve as PBIS coaches, grade level facilitators, Instructional Leaders, Special Education facilitators, TEAM mentors, and paper reviewers. The Professional Development and Evaluation Committee focuses on the professional standard of learning communities and has developed protocols to support grade-level and content-area leaders with data team processes. Professional learning has been provided to support teachers with the implementation of Reading Workshop and Bridges in Mathematics in grades K-5.

Common assessments are administered and analyzed to shape instruction. A coordinated, district-wide elementary schedule includes refinement of an intervention/enrichment period in grades K-5. Student progress is assessed via the Measures of Academic Progress (MAP) K-8, Smarter Balanced Interim Assessment Blocks (IABs), and PSAT. Curriculum revisions in social studies and science align to the CT Framework and NGSS. This provides a comprehensive academic and enrichment program embedding opportunities to develop 21st Century Skills.

Ledyard Public Schools is a 1:1 device district 6-12 (take home); all K-5 students are 1:1 in school. G Suite is utilized to support this 1:1 effort and the use of Google Classroom and Google Meet assists in communication with students and parents.

Ledyard provides regular and timely information to parents regarding their child's academic performance and school engagement. In grades 6-12, parents can access student grades on the web as they are posted by the teachers in PowerSchool. In grades K-2, parents can access student work and teacher feedback on the SeeSaw platform, while parents of students in grades 3-6 can access information using Google Classroom. An automated phone/email system is used to communicate various school/student issues including absenteeism and truancy. Parent/teacher conferences are scheduled twice a year. The Board of Education continues to seek avenues to partner with parents.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Ledyard Public Schools is dedicated in its efforts to reduce racial, ethnic, and economic isolation through its curricula and extra-curricular programming. Annually, each School Climate Team updates its plan of action based on data analysis from school climate surveys. Work to provide frequent and varied communication with stakeholders and strategies to include peers in play and social groups is ongoing. Other opportunities to reduce racial, ethnic, and economic isolation are embedded into the curriculum through instructional lessons that broaden the cultural understandings of our students. In-school and out-of-school experiences in science, history, music, visual arts, and performing arts are supported at the elementary and middle school levels with collaboration from parent organizations. Our high school music, fine arts, and drama programs routinely celebrate diversity through multicultural expression. Ledyard, Robert E. Fitch (Groton), and New London High Schools conduct a youth leadership program entitled, "More Than Words." Students trained as youth leaders educate their peers to better understand diversity and to provide positive communication strategies for students. High school students bring these skills to our elementary classrooms. Parent organizations partner with schools to bring facilitators to the district to support anti-bullying efforts and cultural awareness and respect. District and building administrators are working to build increased collaboration with Mashantucket Pequot tribal leaders to improve student achievement. As the second-largest military-connected student population in Connecticut, LPS coordinates with the School Liaison Officer for Naval Submarine Base New London to support military-connected students. Ledyard students participate in a number of charter, magnet, and tech schools in Southeastern Connecticut; 167 students in grades K through 12 are enrolled in 14 choice programs in Groton, New London, Norwich, Waterford, and Willimantic.

Ledyard Public Schools is committed to recruiting a diverse team of talented professionals, teachers, administrators, and staff who share similar backgrounds and experiences with our students. A three-year plan has been developed to enhance hiring practices.

Equitable Allocation of Resources among District Schools

It is the policy of Ledyard Public Schools that each school receives an equitable allocation of resources within the district's financial parameters. The administrative team works to develop a budget reflective of the vision and goals of the Board of Education. In developing the budget, primary consideration is given to student needs but also factors in enrollment, curriculum initiatives, special education, contractual obligations, and mandates. In this process, principals meet with staff to identify department and grade-level needs. Budgets for instruction, personnel, technology, special education, and maintenance are developed by directors and principals. District and school budget requests are reviewed, prioritized, and aggregated to form the Superintendent's budget which is presented to the Board of Education. The Board hosts forums to gather input and ensure public understanding of the varied financial needs of the district. The feedback received at the forums is considered by the Board prior to the submission of their budget to the Town Council. This sequential budget review ensures per-pupil expenditures at each school are reviewed and adjusted to confirm equity.
