Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Naugatuck School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Naugatuck Public Schools, together with the Board of Education, has a 3-year improvement framework and sets goals annually to support the district vision, mission, and NPS Vision of the Graduate. There are four priorities for Naugatuck Public Schools:

Priority 1: Academic Excellence - A Community that Expects all Learners to Demonstrate Competence, Engage in Deep and Critical Thinking, and Apply their Learning to Contribute to Improving our World.

Priority 2: Culture and Climate - A Positive and Inclusive Culture of Learning and Support in all Schools and in the Community.

Priority 3: Systems for Student Success - Naugatuck School District Operational Systems Function in Service of our Students.

Priority 4: Talent Development - Human Resource Support Systems and Processes that Develop Our Talented Faculty and Staff.

The action plans to address these priorities are driven by academic, behavioral, and attendance data as well as stakeholder survey results. We believe that all students should have access to high quality, grade-level learning experiences. We believe that strong partnerships with families are the foundation to successful student outcomes. We believe that all staff have ownership and responsibility for the success of all students. We believe that special education is a service, not a place.

At the district level, the superintendent meets regularly with the Parent School Council and hosts ongoing community conversations. Each school develops school-based strategic plans and engages with parent/teacher organizations in its improvement efforts. Naugatuck also works closely with Naugatuck's Partnership for Children and Naugatuck Youth Services to provide comprehensive and coherent partnerships with families.

Both district and school attendance teams implement research-based absence prevention strategies and practices to promote school attendance while supporting students and families through a layered continuum of interventions.

Naugatuck Public Schools values its partnerships with families in the education of their children. We seek to collaborate and inform families about success criteria at every grade level so that families have a clear understanding of not only what children need to know, be, and be able to do at each grade level, but also how to assist in the learning process so that children can successfully grow and achieve the Naugatuck Public School Competencies.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Our culture for equitable learning is the foundation of Naugatuck Public Schools. It is the very essence of who we are and who we strive to become. Together, we ensure that our schools are safe, engaging, and happy communities where each and every child develops into the Vision of the Graduate.

By virtue of its student and family population, Naugatuck is a richly diverse district. The district developed and implements a staff recruitment and retention plan that recognizes the need to provide students with an opportunity to interact with a diverse staff representative of the population of which they are a part. Additionally, our curriculum provides opportunities for students to experience multiple perspectives and collaborate with others as they develop into responsible and engaged community members.

Our philosophy is that every learner in Naugatuck is empowered through active, equitable, meaningful and culturally relevant educational experiences that nurture an excitement and capacity for learning. These experiences are developed through a responsive, collaborative, ongoing process of instructional practices that value student voice, high expectations, and innovation. We have a collaborative culture relentlessly focused on the competence and growth of every student, every teacher, and every leader, so that all students will demonstrate academic, cultural, and social-emotional competence. Together, we ensure that our schools are safe, engaging, and happy communities where each and every child develops into the Vision of the Graduate.

Equitable Allocation of Resources among District Schools

The Naugatuck annual Board of Education budget is constructed based on the needs of the students, schools and circumstances. The district prioritizes equitable distribution of human, fiscal, and capital resources that work in service of students, student learning, and student needs. The process of allocating resources, both local and grant funds, is directly tied to student needs. Please visit our website for more information at <https://www.naugatuck.k12.ct.us/>.
