Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: Fewer than 6

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

North Canaan Elementary School focused on the social-emotional health of staff and students this year. We are proud that we remained open for all students to attend school throughout the year in the building, despite facing COVID-19. We also continued to support student achievement tied to state and national standards.

Education is a shared responsibility and we value the participation of the entire community. We provide our children with a comprehensive educational experience including music, art, technology literacy, Spanish, physical education, and the opportunity for enrichment experiences. The PTO supports the school in providing enrichment opportunities. Schoolwide Seesaw is used as a platform to share student work and communicate with families. Class sizes remain small, enabling teachers to develop personal relationships with students and their parents. Teachers provide suggestions for learning activities and additional resources to use with their children.

This year we engaged families differently in student learning. Our meetings were all electronic. Student-Led Conferences also continued, with students sharing their goals and achievements with families online.

Region One Schools Shared Services provides special education services to our school. The student-to-teacher ratio is low, generally 5-7 students to one teacher. Additionally, we develop and review every student's Individualized Education Program (IEP) to determine auxiliary services, matched to the student's needs. Through Shared Services we provide Speech and Language Services, Physical Therapy, and Counseling services to those students as required through the IEPs. Our district continuously reviews and analyzes student achievement data in all areas, including English language arts, math, and behavior. An Early Intervention Team determines when students should be receiving Scientifically Research-Based Intervention Services (SRBI), identifying when they need to be served at Tiers II or III, and when students should be referred for evaluation.

The school's Leadership Team continues to focus on collective teacher efficacy and restorative practices to support achievement. In addition, we begin our day with Responsive Classroom's Morning Meeting, ensuring each learner is prepared for the day ahead, and end with Closing Circle, reviewing the day's accomplishments and achievements.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The geographic location of North Canaan Elementary School in rural northwest Connecticut provides a beautiful setting for our school and community. In-class activities expose our students to other perspectives and cultures. An English Language Learner teacher helps students successfully integrate into the classrooms.

Field trips and enrichment activities are also important means to help our students learn more about the world around them. This year field trips were brought to the students as student travel plans were not allowed during the global Coronavirus Pandemic.

Nature's Classroom was one example of an activity that came to the school. In addition to the hands-on learning that takes place, students are exposed to a wide variety of activities that promote creative thinking as well as build independence, confidence, and positive risk-taking.

We strive to ensure that all students have equal opportunity and access to enriching activities and events throughout the year. School and community funds are used for families in need of financial assistance.

Equitable Allocation of Resources among District Schools

Staff members submit requests for resources as a part of the comprehensive budget process. The Board of Education, the Board of Finance, and the Board of Selectmen work cooperatively to support the needs of the students and staff in North Canaan. We are a one-school district. All community funds support North Canaan Elementary School through grade 8 and then the regional high school, Housatonic Valley Regional High School.
