Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 11

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	.	.	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Since December 2018, the district has been involved in the development of a first-ever, Strategic Plan. A consultant was hired to facilitate the endeavor. A Strategic Plan leadership team consisting the superintendent, administrators, a Board of Education member and parents met a several times to develop "A Theory of Action" with the plan's theme of "The Vision of the Graduate."

The Vision of the Graduate will allow for: Students will be afforded a high-quality academic and non-academic program of studies. Students will be provided with a culture where academic rigor is at the core value in all content areas. Students will obtain mastery in literacy and mathematics. Students will develop skills to enable them to be self-driven.

Parents played a major part in the development of the plan as many attended Focus Groups that were offered at night and on weekends.

The Basic Outline of the Strategic Plan: Students will have the ability to perform critical thinking and problem solving and to think outside of the ordinary. Classrooms will employ higher thinking order questioning and discussions. Students will be prepared for ongoing and continuous education and the world of work. Students will develop the ability to speak and converse in small and in large group settings.

Students will develop a strong sense of confidence and self-esteem. Students will be resourceful and have the ability to use technology to excel. Students will understand his/her civic commitment to the town, state, and country. Students will have the opportunity for physical fitness and health conscious.

Students who work collaboratively with peers and teachers. Students will be instructed by a highly qualified and trained staff; a staff who are reflective practitioners that are provided with the necessary resources and ongoing professional development. Staff will have a have high expectations for all students of all ability levels to excel.

Due to COVID, the the district was not able to fully institute the Strategic Plan until the summer of 2021 and we look forward to the growth in our district over the next 3-5 years.

During the 2020-2021 school year, North Stonington Public Schools redesigned its administrative leadership team specifically to enhance special education services. Some duties and responsibilities for special education have been redistributed among the staff to better serve our students and staff.

Due to the small size of our district, we do not have truancy issues. Students who develop absentee patterns are counseled by the appropriate staff.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The demographics of North Stonington Public Schools has been very consistent over generations. North Stonington is a small rural/farming and/or bedroom community of approximately 5,000 residents. We border Preston, Griswold, Stonington, Ledyard, Montville, Voluntown and the Rhode Island Communities of Hopkinton and Westerly. Students can choose to attend North Stonington Public Schools or choose other programs of interest.

Wheeler High School students can also attend the Westerly Education Center as part of his/her high school curriculum which in partnership with Electric Boat. Students who successfully complete the program are eligible for employment with Electric Boat.

The district is presently accepting tuition students from two bordering towns. The district has developed a relationship with Voluntown and Preston as Wheeler is now a school of choice. Five (5) students from Voluntown will enroll at Wheeler for the 2021-2022 school year.

District Profile and Performance Report for School Year 2020-21

North Stonington School District

Equitable Allocation of Resources among District Schools

The district employs zero-based budgeting system. Administrators and Department Heads are asked to provide a building-based budget to the superintendent of schools which will meet the needs of all students to the Superintendent. Meetings are held to review each school and departments needs. A "Superintendents" budget then moves to the Board of Education The Board of Education then deliberates on the budget. The BOE will approve a final budget and it will then send the approved budget to the Board of Selectmen. A town hearing on the budget is held prior to the budget going to referendum.

Beginning in the 2020-2021, the Board of Finance approved a "Non-lapsing Account" for the Board of Education. The Board of Education is now allowed to carry over surplus funds that do not exceed 2% of the total budget of the previous year. The non-lapsing account will allow for more strategic expenditures of surplus funds and not be constricted by the end of the fiscal year, June 30th.
