Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Bethany School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Bethany Public School District (District) is committed to supporting the family's role in the education of their students. Our Climate Instruction Specialist (CIS) is a primary point of contact for families as we have increased the opportunities for families to volunteer in school activities as we have resumed "normal" operations since the start of the pandemic. Families are invited to participate in class events where they share their heritage, careers, and expertise with students. Traditional showcases of student work like Open House and our annual Night of the Arts returned as in-person events. Two major events in the spring included our Staff & Family Wellness events and the PTO Spring Fling Community outing where we celebrated the completion of our running track, dedicated to a parent who passed away the year before and held a community walk.

To promote communication, teachers maintain SeeSaw accounts, Google Classroom sites, and share newsletters to keep families informed of classroom activities and information regarding homework and how to access learning resources from home. The Principal and CIS hold virtual Coffee Hours monthly and send weekly email newsletters to families. The Superintendent, along with the Board of Education (BOE) Chair, Director of Special Services, Curriculum and Instruction, and the Principal submit a monthly article to the Bethany Bulletin newsletter to keep the community informed on school-related events and issues impacting education. The District also maintains a webpage with relevant information for families. The administration is present at monthly BOE meetings. They also partner with the BOE to host two Community Open Forums. Parents and members of the community are active members of the Wellness Council, School Lunch Advisory Board, and the Parent Teacher Organization. Parents are encouraged to provide the District with feedback and input through surveys each spring. The feedback from these surveys is used to develop goals for the District/School Improvement Plans.

The District continues to utilize the Climate Committee and Behavior Support Team to support families by actively monitoring student attendance, identifying chronic absenteeism, truancy, and other wellness topics. A social worker has been added to our staff as a resource to families. Partnerships have been established with local agencies to support families in need and participated in the Federal program to provide lunch free of charge to all students.

The District continues to prioritize collaboration between classroom teachers and special educators to improve learning for identified students. Additionally, the Curriculum Coordinator and intervention staff scheduled four rounds of case reviews to discuss students in need of additional reading or math support. Our Special Services department offers an array of services for students and families. This year they held multiple parent workshops to share information about available supports within the district and the new IEP and CT-SEDS.

The District continued to offer a Unified Sports program to promote social inclusion between identified students and their non-identified peers and hosted a Unified Sports Day this year to honor all the athletes and showcase the program to families.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Bethany Public School District (District) participates in several regional programs offered by Area Cooperative Educational Services (ACES). Bethany participates in the Open Choice Program whereby five students from New Haven attend the Bethany Community School (BCS).

To address the economic disparities across the community, the school partners with the PTO and other local organizations to support families in need. The school also works with local organizations and ACES to support the local community and New Haven County families during the Thanksgiving and winter holidays.

Based on the 2020-2021 work of the BCS Equity Team, composed of teachers, parents, community members, school administrators, and members of the Bethany Board of Education, a Diversity, Equity, and Inclusion statement was created and communicated to the Bethany community. The BCS Steering Committee implemented a multi-year professional learning plan for all staff.

Through Human Resources efforts, the District strives to recruit and retain highly qualified staff that represent the diversity in our classrooms. The percentage of minority staff employed by the Bethany Public School District has increased by 13% over the last five years.
