Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Bloomfield School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The 2021-2024 Bloomfield Public Schools District Plan of Excellence, authored in close partnership with community stakeholders and district personnel, and adopted by the Bloomfield Board of Education, identifies four district priorities: (1) Holistic Accountability; (2) Rigorous Curriculum, Instruction, & Assessment; (3) Positive School Climate; and (4) Family & Community Engagement.

Comprehensive professional development is provided to staff. These opportunities are aligned to the Common Core and addresses social emotional well-being, technology skills, and engages all district staff in the development of culturally relevant teaching practices. Our ongoing work to raise social awareness has invigorated community-wide conversations and partnerships to promote equity, anti-racism, and social and emotional learning.

In addition, instructional leaders have received job-embedded PD to align their work with our Portrait of a Graduate. This ensures students are critical thinkers, communicators, problem solvers and adaptable to succeed in the 21st Century global economy. Families, students, staff and community members are also vitally important to this work. These key stakeholders provide a valuable voice on our Portrait of a Graduate. Through this plan, students have been able to gain hands-on experiences in a variety of fields of interest. The district is also developing career pathways for high school students so they are prepared for college and meaningful careers. Our students participating in special education programs are provided with various opportunities to show their skills and abilities. These students participate in Unified Sports and run a store in our Intermediate/Middle school.

School attendance and engagement continues to be a focus of the district. As attendance issues arise, we engage families and staff to resolve problems in partnership, while continuing to build positive relationships with students and families. Our School-to-Career Specialist has also worked closely with local organizations allowing students to gain hands-on experience in fields of interest.

The district's Pre K through grade 12 programs and initiatives are informed by research-based practices as they relate to curriculum, instruction, assessment, and student and family engagement. Bloomfield implements benchmark testing for students in grades K through 12 three times each year to inform classroom practices and its alignment to student mastery of learning standards. The district also further integrated our Scientific Research Based Intervention program to adjust teaching to meet the needs of all students. Bloomfield began providing students identified as Gifted and Talented through our SOAR program, providing students with additional enrichment opportunities. This past year, under the leadership of our Director of School Improvement, we partnered with Bloomfield Leisure Services to provide families with educational opportunities such as financial literacy, steps to purchasing a home, and social and emotional wellbeing.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Bloomfield Public School District prepares students with 21st century skills for a globally engaged future. Located close to Hartford, and in driving distance to New York and Boston, opportunities abound to experience and appreciate societal diversity. Bloomfield's proximity to Hartford invites participation and partnerships in inter-district cultural activities with students from many communities. Bloomfield's magnet schools reduce racial and economic isolation for Bloomfield students by attracting area students from diverse racial, ethnic, and economic backgrounds. Global Experience Magnet School (grades 6 -12) nurtures relationships between Bloomfield students and peers both nationally and internationally. Wintonbury Early Childhood Magnet School (Pre-K) offers a full day program for 3-4 year-old students from Bloomfield and surrounding communities with a theme of scientific exploration. In partnership with Bloomfield's Auer Farm, curriculum and instruction are linked to authentic experience for our youngest students. Bloomfield also participates in a number of Inter-district Cooperative Grant programs.

The Bloomfield Board of Education supports activities designed to educate our learning community about cultures and customs throughout the world, including Caribbean and Latin American cultures. The district hosts summer enrichment programs, school-year extended-day learning and an alternative high school program. The curriculum integrates resources and experiences drawn from the rich heritage of our students, including native speakers of 14 languages. The district partners with the Hartford Foundation for Public Giving and the Hartford Boys' and Girls' Club, extending the school day for elementary students and expanding cultural awareness through STEAM (Science, Technology, Engineering, Arts, Math) studies.

This past year, under the leadership of our Director of School Improvement, we have partnered with Bloomfield Leisure Services to provide families with educational opportunities are financial literacy, steps to purchasing a home, and social and emotional wellbeing of students and parents. These programs were developed to help all families across the district to learn about resources available to them to help them be successful.

Equitable Allocation of Resources among District Schools

The Bloomfield Board of Education builds its operating budget based on the following six steps: (1) Align all programs, resources, and staffing to the vision and priorities of the District Accountability Plan; (2) Each principal, director and cost center manager builds a budget with a team; (3) School principals invite families to provide input; (4) The school budgets align to the District Plan of Excellence as well as each school's School Plan of Excellence; (5) Each building level budget is reviewed by the Superintendent of Schools and other central office staff to assure equitable resource allocation, while addressing needs unique to each school; (6) and public meetings and hearings are held to promote public awareness and discussion of the proposed budget.
