Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Capital Preparatory Harbor School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Capital Preparatory Harbor School provides historically disadvantaged students from the Bridgeport area with the college and career readiness skills needed to become engaged citizens for social justice. Capital Prep Harbor strives to accomplish this mission by providing students with a rigorous extended day, extended year, college-preparatory curriculum in a nurturing and loving environment fostered by strong student-teacher relationships. Capital Prep Harbor ensures that the curriculum is relevant through applied teaching methods that relate curricular objectives to authentic tasks, thereby allowing students to actively explore real world problems and challenges while acquiring deeper knowledge - demonstrating necessary abilities as they relate to common core standards and skills necessary for post-secondary education. Capital Prep Harbor implements Student-Led Conference(s) (SLC) to empower students with metacognitive skills necessary to promote their development as independent and reflective learners. Students lead presentations on their own learning and growth in two conferences with their parents and advisors each year. During the SLC, students reflect on their learning and evaluate their progress in relation to the school's Learner Expectations, Social Justice Themes and the grade level Essential Question enabling them to be active partners in their learning experience.

Capital Prep Harbor is relentless in meeting the needs of all students, including those with disabilities, English Language Learners and at-risk populations. We work diligently to provide the instruction needed by qualified staff to insure the academic, and social emotional growth for our special population students. There is a laser focus on the development of strong relationships, highly effective and individualized instruction and regular review of data that ensures all students are receiving the academic and affective supports and services they need to be successful. Capital Prep Harbor's Response to Intervention (RTI) model organizes instruction and provides resources to meet the diverse needs of all learners. In addition to its comprehensive academic and affective supports, the school employs a Student Assistance Team(SAT) to help identify, support, and monitor students with academic, social and/or emotional challenges. The school's educational approach of individualized learning; differentiated instruction also supports a comprehensive special education program to ensure the success of special education students in academic achievement. The school focuses on supporting a responsive general education classroom with individual supports throughout the school day. Capital Prep Harbor's commitment to parental support and engagement in academic and school life also factors strongly in student retention. Capital Prep is committed to continual improvement in its parent communication and engagement and all parents are welcomed as integral community members. Capital Prep Harbor conducts several meetings and events that engage parents in the school community. The school community is notified of upcoming activities and meetings by Parent Square and weekly communication from the principal. Capital Prep Harbor works to make sure these meetings and events are accessible to non-English speaking parents.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The key design elements are integral to the successful implementation of its early college school model grounded in the theme of social justice. At the heart of the mission of all Capital Prep Schools is the belief that all students, given equal parts relationships and opportunity, can excel academically and personally, reach their aspirations and become agents of change in their communities.

The Capital Prep Harbor model is one that has been purposefully designed to raise the academic achievement levels of underserved urban youth like those in Bridgeport with its academically rigorous college preparatory curriculum delivered by supportive, caring and nurturing teachers using student-centered instruction. In addition, the model has an equally important focus on ensuring its students are provided with opportunities to develop their talents, pursue their aspirations, and become empathetic, responsible, globally minded individuals. This model has been successful across multiple indicators of our student's educational experience from test scores to school culture to the performance of athletic teams. 100% of the seniors at Capital Prep Harbor are accepted to a four year college or university. 88% of the class of 2022 attended college last year which is above the national average of 76%. Additionally 76% of the previous year's college freshman returned to school for their sophomore year above the national average is 74% .

The school offers a unique learning experience for the predominantly at-risk, minority, poverty-level students. The school's academically rigorous college preparatory environment is grounded in the theme of social justice. Among the many expanded learning experiences Capital Prep Harbor offers its students is the opportunity to earn college credits and potentially an Associate Degree-while still in high school and the prospect of engaging in local and international community service projects where they can apply their social justice classroom learning experiences to the solution of real life societal issues.

Equitable Allocation of Resources among District Schools

The Capital Prep Harbor Leadership team works with its Board of Trustees and the school-based staff work as the Budget Preparation Team in the preparation of the school's annual budget. The Capital Prep Harbor Principals will present the analysis of the coming year's needs including academic personnel, materials, building concerns and other areas of focus along with the data and rationale to support budgetary requests.

The Budget Preparation Team will review per pupil revenue sources as well as committed private philanthropy and/or public grants, including private philanthropy secured by the CMO, Capital Prep Schools on behalf of the school. The Capital Prep Harbor Director of Operations with support from the Capital Prep Schools Chief Finance Officer will gather all the budgetary information and work together in drafting the budget. In a collaborative process, the Budget Preparation Team will prioritize the needs based on how they will support increased student achievement, implementation of the school and operational efficiency.
