Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Chester Elementary School continues to focus on ensuring that all of our students are continuing to make progress and achieving at high levels. Our School Improvement Planning team consists of classroom teachers, a special education teacher, a specialist, and the principal. The team meets on a monthly basis to review and analyze data to ensure we are meeting the needs of our faculty and students. The School Improvement Plan provides the focus for our staff in developing SMART goals in the areas of reading, writing, critical and creative problem solving, and math. All certified staff develop SMART goals that are aligned to the school and district goals. The SMART goals include instructional strategies, action steps to achieve the goals, and progress monitoring strategies to measure student growth and progress throughout the school year. For the 2020-2021 school year, a primary focus was in the area of Social Emotional Learning. The principal presents and updates the public on progress being made at Board of Education and PTO meetings.

Scientific Research Based Intervention (SRBI) meetings are held on a weekly basis to analyze student data and monitor student progress. Decisions are made in a timely manner to review referrals for students making limited instructional progress or exhibiting behavioral concerns. Students in Tier II and Tier III are discussed on an ongoing basis in order to make educationally appropriate decisions as their progress is continually being reviewed. Students with attendance issues are monitored through the SRBI process. The team consists of the school psychologist, counselor, SLP, ELA consultant, math coach, and principal who meet with teachers to brainstorm interventions for students. Baseline data is collected, and a review date is established to revisit the case and analyze new data. Teachers have been trained to identify needed areas of concern and to develop instructional strategies to improve students' performance. Students that receive special education services are supported through inclusion and co-teaching in order to meet individual student needs.

At Chester Elementary School, parent communication is extremely important and occurs at the district level, school level, and individual classroom level. Communication efforts take on many forms, which include, but are not limited to, informal conferences held during the year or through our planned parent/teacher conferences in October and March. Our September Curriculum Night is designed for parents to meet their child's teacher and receive information about the curriculum. All incoming kindergarten parents participate in an informational evening orientation and visitation program. Each year, our parents complete many hours of service through chaperoning field trips and volunteering in the classroom. Parents and community members are important partners in our school. Parents are part of the Social Development Team and the PTO. Additionally, our website is updated on an on-going basis, a weekly school newsletter is emailed to each family, and classroom teachers provide weekly or monthly newsletters. The website provides parents with information on District Goals, Board of Education minutes, mission statement, Board Policies, and a calendar of events. Our School Calendar and Parent Handbook is another vehicle to increase parent/school contact.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Chester Elementary School's Social Development program is in its twenty third year. Its goal states that Chester Elementary School is a learning and caring community. Our Social Emotional Learning Focus (SELF) curriculum teaches awareness and expression of feelings, emotional control, understanding interpersonal relationships, empathy, caring, and social problem-solving skills. Our service learning projects provide the opportunity for our students to experience the value of helping others who are less fortunate than they are.

The PTO provides cultural arts and other enrichment programs for all students in grades K-6. Students participate in assemblies or work with artists that provide programs featuring music of the world and stories of other cultures. Our Book of the Month program embeds our core values into the general curriculum in each classroom as part of our schoolwide Social Development Program. Students in grades 3-6 receive Spanish instruction as part of our Foreign Language in the Elementary Schools (FLES) program, which includes the study of Hispanic culture around the world.

Second grade students studied the peoples of the world through social studies. Third graders studied the cultural diversity of the regions of the United States. Our fourth graders participated in a Diversity Unit that focused on African Americans' contributions to our society. Grade five class meetings are a forum for discussing tolerance and appreciation of the differences of people. Our literature based reading program (K-6) presents stories of people from different ethnic backgrounds.

Equitable Allocation of Resources among District Schools

The Chester School District consists only of the Chester Elementary School. Teachers and staff within the building work with building administration and district administration on an annual basis to determine the academic and physical plan needs within the school building. Administration then meets with the Chester Board of Education to develop our annual budget to provide for the resources and academic programming provided at the school. The school's budget is then presented to the town of Chester and voted on through a referendum by the local community. The approved budget is then utilized accordingly within Chester Elementary School to ensure that student needs are addressed.
