Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Windham School District

Narratives

School District Improvement Plans and Parental Outreach Activities

During 2022-23, Windham Public Schools continued to improve and enhance its special education programming and services for students with disabilities. Windham continued to run its alternative education program called Community, Occupational, and Remote Education (CORE) for students in grades 9-12. A new site for both CORE and the district's Assisted Work Program (AWP) was secured allowing the program to expand and enroll more students in it. The department continued to implement its Tier 3 intervention resources to support sustained and increased student achievement. Summer learning open to all Windham Public Schools families for grades K-8 continued with 600 students participating. This was done in addition to credit recovery and grade 9 orientation.

The Department of Family and Community Partnerships worked closely with building and district leadership in preventing and minimizing truancy and chronic absenteeism and improving engagement with the schools. Family liaisons, teachers, building leadership, and support staff collaborated to ensure students and families had what they needed to participate in the educational process. Family liaisons conducted over 600 home visits to reach families to improve engagement. Additionally, the district participated in the LEAP Grant to help improve attendance and engagement.

All schools continued their School Governance Councils. Additionally, the department held in-person workshops for families including topics such as social and emotional learning, internet safety, special education. The district partnered with the Center for Public Research and Leadership at Columbia University to provide workshops for the leadership team and family liaisons on how improve meaningful engagement with parents. The district created a Superintendent Parent Advisory Committee with monthly where parents and staff worked collaboratively to discuss issues.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Windham Public Schools is committed to reducing racial, ethnic, and economic isolation by recognizing diversity as a strength. During 2022-23, the district provided opportunities for staff, parents, and students to participate in activities within each school community to support these efforts.

The district has a two-way dual language program (Companeros; 50% English speakers, 50% Spanish speakers) at three schools spanning grades PK-8 and a one-way dual language program (Dos Rios; 100% English Learners) at four schools spanning grades K-5. Almost 400 students are enrolled in Companeros, and almost 330 students are enrolled in Dos Rios. Both programs have the ultimate goals of bilingualism, biliteracy, and socio-cultural competence. Exactly 720 students in total are in Windham's Dual Language Education programs in 2022-23.

Windham is invested in the ongoing recruitment of school personnel, who reflect the racial, ethnic, and linguistic diversity of our students, and continued to implement several recruiting and hiring strategies in this pursuit. As part of the district's efforts to staff its many dual language classrooms, we continue to support current staff in their pursuit of elementary endorsements and bilingual cross-endorsements. Additionally, the district recruits and hires visiting international teachers: In 2022-23, the district hired 12 (11 from Spain and 1 from Chile). In the spring of 2023, the district hired 11 (7 from Spain, 3 from Colombia, and 1 from Chile) for the 2023-24 school year.

The district has also reignited its Diversity, Equity, & Inclusion work through the participation of numerous, certified and non-certified, PK-12 staff in Courageous Conversation's Beyond Diversity and Leadership in Racial Equity Development (LEADS) trainings with the goals of reducing and eliminating racial disparities in student outcomes. Students in the middle grades at one of schools also participated in the National Conference for Community and Justice (NCCJ)'s Bridges student workshops in anti-bias education.

Equitable Allocation of Resources among District Schools

Windham School District Equitable Allocation of Resources among District Schools The 2022-23 budget was \$49,085,741 which was an increase of 0% over the prior year's budget. Grant funding and Education Cost Sharing Funds support a significant portion of the total Board of Education budget. Through the Alliance School Grant and Priority School Grant, the district was able to support many academic initiatives in the schools. CARES and ESSER funding was utilized by the district to support costs related to the impact of COVID-19 had on the school system. Building and district leaders analyzed data and collaborate to determine the needs and equitable allocation of resources. Priority was given to closing the opportunity and access gap that widened during the pandemic.
