Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Bolton School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Bolton Public Schools is committed to a continuous improvement process. The mission of the Bolton Public Schools is to inspire all students to grow as learners, individuals, and citizens.

The Bolton Public Schools Strategic Plan 2020 - 2025 serves as the blueprint to improve student outcomes guided by four goals including student success, a caring culture, talent development, and resource stewardship. The five year district goals are aligned to the Strategic Plan and are supported by building and administrator goals, teacher professional growth goals, and student learning outcomes. The collective vision of the learner, known as the Portrait of a Graduate, defines the qualities and attributes that we expect all Bolton students to develop in order to be successful in college, career, life, and as global citizens. Focused, on-going, job-embedded professional development supports the aligned individual, team, school, and district goals.

The continuous examination of data informs our decisions regarding allocation of resources, instructional decisions, and the implementation of interventions. We continue to implement a comprehensive team approach to address the unique learning needs of all students through a continuum of services. Student attendance is closely monitored, tracked, and recorded throughout the district with set procedures. Although we have a very low truancy rate, we utilize attendance data to identify students who have attendance issues and work with the students and their families to improve their attendance rate.

Bolton Public Schools utilizes a variety of supports to engage families in student learning. These efforts include regular PTA, Bolton Music Works, Booster Club, and Scholarship Committee meetings with parents and staff, as well as a communication goal for all teachers in which they demonstrate how they communicate with parents. The Bolton Public Schools utilize a personalized, two-way communication between schools and families and to build each family's capacity and confidence in their ability to support their child's learning by modeling practices and sharing resources and tools. We also use a host of communication tools including Parent Square, social media posts, our resource filled website, principal and teacher videos, and quarterly newsletters which include school information, updates, and ways to support parents in working at home with their children on learning activities.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Bolton Public Schools is committed to fostering understanding of various groups in our society and world, promoting equity and respect among people, and providing learning experiences for students to reduce racial, ethnic, and economic isolation. Equity and respect among students are promoted through the learning experiences in academic programs as well as extra-curricular and athletic offerings.

Under the MTSS framework, the district continues to align academic, behavioral, and social-emotional learning in a fully integrated system of support for the benefit of all students. This umbrella framework aligns resources/initiatives and encompasses both SRBI and PBIS to systematically support students. Both schools promote a healthy school climate through numerous events and activities that foster positive behavior, respect of self and others, tolerance, and acceptance of differences.

Our schools continue to provide a host of learning experiences that actively engage our learners while respecting their cultural integrity. Bolton continues to participate in the Hartford Open Choice program for the last twenty years with 46 students attending Bolton schools in 2023-2024. In the Bolton Public Schools, we believe that an understanding of and respect for diverse beliefs, cultures, backgrounds, abilities, and perspectives enrich the lives and learning environments for all our students.

Equitable Allocation of Resources among District Schools

The Bolton Board of Education is committed to ensuring an equitable allocation of resources among its schools. Expanding access to technology, moving forward with curriculum renewal, providing high quality professional learning for staff, maintaining core programs, and continuing to add new courses at the high school for college credit are the priorities that guide decision making about resource allocation. The budget process entails four critical steps: 1) public and staff commentary on budget needs; 2) program area/building level budget preparation; 3) district budget development; and 4) budget presentation and work sessions. Each step of the process is designed to encourage participation and input. Enrollment figures are closely monitored to ensure the appropriate distribution of staff and resources. The Board receives additional State and Federal grants to help finance remedial and special education programs. In addition to the operational budget, the district prepares and updates a five-year plan for capital improvements that is submitted to the town's Capital Expenditure Committee for approval. The budget is specifically designed to support district and building goals.
