Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Coventry School District

Narratives

School District Improvement Plans and Parental Outreach Activities

It is the mission of Coventry Public Schools to create an environment that prepares students for life, learning and work in the 21st century. We are an exemplary learning community that believes in continuous improvement to support all students in the district. Coventry continues to use evidence-based interventions and programming to meet the needs of all students. A new evaluation tool for students' reading abilities has informed our intervention programming for students in K-3. In addition, ACE, an ABA Software Program has informed the complex work of individual programming for students with intensive needs in grades K-12. Another high impact change resulted from professional development on transition planning for students turning 14. This will lead into work to develop a trajectory of life, employment, and vocational skills for transitional purposes in K-22. Coventry's RISE Program for students 18-22 prepares students with daily living and vocational skills needed for success in life. RISE students joined students from E.O. Smith's STAR program this year for social gatherings. In addition, students are connected to the Creative Living Community of Connecticut in Coventry, "a comprehensive living and working community integrating individuals with and without developmental disabilities". Additionally, Coventry Academy, Coventry's alternative high school, provides students with superior social, emotional, behavioral, and academic support.

Truancy was a priority for the school-based and district-wide attendance committees this year. District attendance protocols were revised with truancy as a focus. School teams were notified weekly of any student newly identified as truant, so school teams could follow up with parent contact, resources, and meetings as required by new legislation enacted in July of 2023.

Parent and community involvement continues to be a priority of Coventry Public Schools. Schools' staff engaged parents in orientation meetings, open houses, parent-teacher conferences, speakers, and parent meetings. Students engaged their parents in school with Student Led Conferences across the district, the Sophomore Project, and Senior Portfolio Night at Coventry High School. In addition, parents engaged with their student's team at Planning and Placement Team (PPT) meetings and 504 Accommodation meetings. These meetings provide the opportunity for school teams to partner with families to plan effective programming for their students.

In addition to PPTs and 504s, informal meetings are often scheduled with families to provide updates on specific issues that may not pertain to an IEP. Discussions at all meetings include how to support students at home, how programming can be generalized into the home setting, and, at times, home activities are provided to families to support IEP goals throughout the year; this is especially true for students who receive speech services. Finally, a continuous district goal, and one that is woven into all of the schools' improvement plans, is to recruit, retain, and develop high quality staff at every level. Certified staff engage in 5 days of professional development, and due to recent legislations, para-educators are now required to complete 3 days of professional development outside of any mandated training.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Coventry Public Schools is committed to providing opportunities for students and teachers to increase awareness of diversity and to show greater sensitivity regarding differences. The faculty and staff have established a variety of programs that celebrate racial, cultural, economic, and ethnic diversity. During the 2023-2024 school year, Coventry High School (CHS) hosted multiple guest speakers from the NAACP Dream Big project. CHS supports clubs such as International Travel, Albert Schweitzer, and the Gay Straight Alliance, offering support and awareness for diversity. The Social Studies and ELA curriculums are designed to discuss and bring awareness to a variety of social and economic issues throughout the US and the world. At Coventry Academy (CA), staff members participated in a book study of "Not Light, But Fire", discussing meaningful race conversations in the classroom. Students read and discussed a variety of texts that examined themes of class, racism, equity, and tolerance. At Capt. Nathan Hale School (CNH), Grade 6 participated in diversity discussions, and the Grade 7 ELA team taught a historical fiction unit anchored by "The Rock and the River" by Kekla Magoon, a book following the main character's journey around the Civil Rights Movement. G. H. Robertson School's (GHR) classrooms implemented culturally relevant lessons during Morning meetings that aligned with the focus of the month (e.g., Native American Heritage Month). 2 Grade 5 classes participated in EASTCONN's Faces of Culture Interdistrict Cooperative grant. Grade 5 classes attended several presentations by CREC consultants on the topics of diversity, stereotyping and bullying. Coventry Grammar School (CGS) continued its third year of the Open Choice program. Staff members from each grade at CGS were members of the district's Diversity, Equity, and Inclusion Committee. CGS held a school-wide book study that included activities and discussions on implicit bias and microaggressions. Hale Early Education Center (HEEC) received two grants which made it possible for financially needy families to send their children to preschool. HEEC participated in various outreach activities including support for Youth Services and Social Services programs and virtual library story times.

Equitable Allocation of Resources among District Schools

Coventry Public Schools is committed to issues of equity throughout all subsystems of the organization. The administration has established a site-based budgeting procedure and a budget development practice that ensures equitable allocation of resources among district schools. Categorical expenditures are analyzed on a per pupil basis and discrepancies are addressed through the budget revision process. Contractual language sets the basis for staff allocations that are consistently implemented across the district. Through the dedication and involvement of parent groups, various faculty committees, and the Board of Education, issues of equity and resources are addressed.
