Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

East Hartford Public Schools (EHPS) develops and monitors an annual district improvement plan focused on five priorities: Accelerate Achievement for Every Child; Caring and Empowering Supports; Transform Structures and Systems; Diversify and Grow our Workforce; Expand Opportunities and Options for Success. The district's work on each of these five priorities is shared with the Board of Education, School Administrators and members of the District Data Teams in its effort to attain the district mission: to deliver a high-quality learning experience to every child, every day. Principals work with families, students and staff to develop school based strategic plans that support the district's priorities. Special education services are provided to eligible children from birth to age 21. This is done through continuous assessment and auditing of programs through the Educational Benefit Review Process to ensure that supports for eligible students are differentiated and appropriately delivered. A continuum of services, ranging from self-contained programs for students with Autism to services provided in the general education environment, are offered to all special education students. The co-teaching model is an approach to instruction that is implemented across the district. In order to continue to grow in delivering services through this model, professional development is provided to teachers and staff to ensure multiple modes of delivery and practice.

On an annual basis, the Special Education Resource Fair is held for parents and families. This Resource Fair is highly attended bringing families together with school district personnel, community based resources and information. EHPS communicates regularly with parents about the importance of students' attendance at school. The district's Attendance Taskforce created an Attendance Toolkit that provides school level administrators with strategies for decreasing chronic absenteeism. Student attendance is monitored daily, and regular communication families with updates about their child's attendance record are consistent practices. Attendance celebrations are held to demonstrate the importance of coming to school on a regular basis. Principals, social workers, teachers and counselors hold school based attendance meetings and when necessary, develop an individualized attendance plan with families. Teams of support staff conduct home visits to determine the cause of truancy and to assist families in need of support. In an effort to continually improve its relationships with the families it serves, EHPS offers several opportunities for them to benefit from its programs as well as to provide the district with suggestions for improvement. As a part of its Parent University, the You for Youth Parent education enrichment program provides opportunities for elementary students and their families to practice and learn together about literacy, math and the use of technology while learning. The district's Office of Family and Community Partnerships facilitates leadership training sessions on topics such as how to develop their child's literacy and mathematics skills at home. Each school has active parent organizations that communicate information about programs and events; these also provide information to families about relevant topics such as internet safety, social emotional learning, as well as enrichment.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The East Hartford Public Schools system reflects the diversity of its community. As active participants in School/Business Partnerships, Inter-Elementary Music Festivals, magnet schools, and inter-district grant programs, our students are provided with multiple opportunities to interact with their peers inside and outside of East Hartford as well as adults in the community. East Hartford's choice program allows students to attend several schools in the district based on their interests and needs. At the elementary level, families can elect for their child to attend a neighborhood school or a theme-based school. The O'Connell Elementary School offers the International Baccalaureate's (IB) Primary Years Programme (PYP) which focuses on developing international-minded students through an inquiry-based approach to instruction. Middle school students can enroll at Sunset Ridge, a small IB Middle Years Programme (MYP), or the district's large comprehensive middle school, East Hartford Middle School. As a Sheff magnet school, the Connecticut IB Academy (CIBA) continues its dedication to equity, access and excellence, enrolling students from urban and suburban cities and towns in the Greater Hartford area through the Regional School Choice lottery. East Hartford Public Schools has actively sought out additional opportunities so that its students have experiences with peers and adults who represent different cultures. After school programs and extracurricular clubs offer students the ability to develop their knowledge, skills and understanding of music and dance, and the School Business partnership has developed a mentoring program which pairs students with adults who work in local businesses. East Hartford continues to successfully receive grant funding from 21 Century, and the United Way in efforts to support this work and increase access and availability to our students. In an effort to improve its work with the students and families it serves, teachers and administrators have engaged in a comprehensive cultural competency programming and professional learning opportunities. As a part of the international theme, EHPS also welcomes foreign exchange students each year and participates in sister school exchanges with schools in Denmark and China.

Equitable Allocation of Resources among District Schools

East Hartford Board of Education supports the equitable allocation of resources among the district's schools through the budget development process. The proposed budget is analyzed to ensure that all programs are supported at appropriate levels. Staffing and materials are audited by the district, and resources are reallocated if necessary after continuous review of school staffing profiles and comprehensive student performance data. Funding for instructional supplies is based on enrollment to ensure equity, and these resources are obtained through a central purchasing process and subsequently distributed. The annual budget is presented to the Board of Education, Town Council and the public. The district continues to expand services for students with special needs and an entire department team of teachers is dedicated to provide support for English Learners. These specific subgroups continue to grow within our community. Funding is often supplemented by federal and state grants. In an effort to enhance the quality of instruction offered to students district-wide, the staff receives professional development and access to technology has been made equitable across schools.
