Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 14

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	11.5%	<=5%	19.0%
	High Needs Students	22.9%	<=5%	30.2%
Preparation for CCR	% Taking Courses	80.2%	75%	80.6%

Graduation Rate Gap	94.0%	100.0%	-6.0%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Thomaston's efforts to improve special education programs and services for students with disabilities have taken many successful forms: the hiring of a full-time BCBA, an additional Preschool classroom (full-day), and the expansion of the district's alternative school program to include K-3 students. Teachers share pedagogy and practice regularly in order to ensure that all students are meeting performance expectations. Teams of teachers provide support for both struggling and high achieving students; implementing strategies and planning intervention/enrichment activities for students through the use of interventionist and teacher coaches. Staff also recommend behavioral interventions when applicable. The District Attendance Review Board (DARB) is a collaborative approach to truancy prevention. Each school has an active DARB, comprised minimally of the principal, school counselor, and the school nurse. DARB communicates with parents regarding attendance concerns and provides necessary outreach for children with low attendance. The TLC alternative program and the PATHS School are available to students and their parents when additional support is necessary. All schools are committed to engaging families in student learning. An active, Parent-Teacher Association is the foundation of this commitment. The district-wide PTA is a major contributor to the district. Additionally, climate surveys are offered annually to all parents to solicit opinions on the climate and atmosphere of each school and to identify programs in need of improvement. Teachers teamed with the PTA to engage parents in the planning and improvement of school programs, even in the midst of the virtual only periods during the pandemic. Students participated in fun educational activities and parents were given tips on how to help their child with math and reading at home. These programs include: Open House, conferences, Socials, Book Fairs, Shows, school assemblies, and Haunted Hallways. Each grade level teaching team distributes a monthly newsletter to parents detailing school-related events and activities, as well as ways parents can work at home with their children on learning activities. Both an English/Language Arts and a Mathematics newsletter are distributed to engage our parent community in those aspects of our work. Google Classroom pages and teacher webpages keep parents aware of happenings in their classrooms. The Principal Advisory Council meets monthly with our principals to seek ways to continuously improve the educational process for students and families. Additionally, our principals send weekly notifications to parents with information from the school and various community organizations. Parents and students also have access to a private Facebook page and all students and parents have access to a public Twitter page which announces events and celebrates the work of students and staff. Thomaston High School offers unique support for parents through the Guidance Department's multiple scholarship connections which are shared with parents and students through the department's newsletter. Athletics at Thomaston High School also engages parents and community members, even during the pandemic, the public participated in both in-person and virtual sports event; our multiple league and division championships draw parents and the general public to competitions.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Our full-day and half-day School Readiness (preschool) programs are designed to reduce economic isolation through tuition-free enrollment opportunities. While students can attend interdistrict magnet schools, those who remain in-district enjoy a variety of experiences designed to increase awareness of diversity. Our elementary teachers integrate cultural and ethnic awareness into the language arts, social studies, music and art curricula. Interdisciplinary lessons encourage students to understand and embrace cultural and ethnic differences. Students are exposed to literature that allow them to explore, in depth, a variety of cultural, ethnic and economic situations and conditions that are in contrast to their own. School counselors implement a district-developed, research-informed program that includes lessons based on thematic character pillars: cultural awareness, citizenship, responsibility and caring. Classroom and school-wide activities promote the growth of mutual respect, tolerance, and positive character. K-6 students participate in BEAR (Behaving Exceptionally And Responsibly), a program created by staff specifically designed to build a student's social- emotional skills and actively encourage acceptance of others. Students at Center School participate in Project Wisdom, a daily announcement program designed to promote making positive choices which are followed up with corresponding classroom lessons. Additionally, a student group representing all grade levels attends the Elementary Level Leadership Conference annually. A goal for Thomaston High School's student body is to enhance cultural knowledge, instill a greater appreciation for diversity and to embrace differences within the school; Advisory, Gay Straight Alliance, Beauty, Inside and Out, world language courses, and culturally themed events achieve this goal. THS students interact with a diverse group of students from other schools through the Connecticut Youth Forum, Middle School Leadership Conference, and Middle School Writer's workshop. Linked directly to the school's Advisory Program, Thomaston High School sponsors Challenge Day (a nationally recognized diversity program) every four years. The program is focused on instilling respect and appreciation for a diverse world.

Equitable Allocation of Resources among District Schools

District and school administrators and staff collaborate throughout the budget planning process as well as during biweekly Administrative Council meetings to be certain all resources are allocated equitably and shared across the district. This collaborative effort ensures that students' needs are addressed and that funds are allocated equitably across schools. Also, each year, the administration works collaboratively to share resources between and among buildings and departments. Professional workshops, materials, and staffing were shared across disciplines as well as between general education and special education students. Parents contributed to this collaborative effort through feedback collected in school climate surveys; parent-perceived inequities were included in the budget planning and resource sharing efforts. Further, in an effort to equitably represent the needs of each school to the community, a district-wide Parent Teacher Association provides resources to all schools in the district. With virtual instruction being required by COVID-19, every student PK-12 was given a Chromebook and students needing internet access were given hotspot devices to access learning.
