Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 248

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	94.0%	83.3%	10.7%	9.8%	Y

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. West Haven School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The West Haven Board of Education has embraced the State Department of Education's school improvement initiatives. The research-based process to improve student achievement for all youngsters is being implemented in all schools, grades PK-12. Professional development is grounded in this research base and provides teachers with teaching strategies, data driven decision making tools, curriculum design and student assessments. This has been our program improvement plan over the past 15 years, which has been implemented with consistency and fidelity.

The West Haven Board of Education concentrates its efforts on aligning our PK-12 curriculum in the areas of language arts, mathematics, science and social studies in the Connecticut State Standards and national standards, with the goal being to increase equitable access to the content for all youngsters. The efforts to improve student learning for all youngsters, regardless of their educational need or handicapping condition, is reflected in our curriculum which is grounded in educational and scientific research; reflects state and national Common Core Standards; differentiates instruction utilizing a variety of research based strategies; and, is consistently followed across all schools and across all grade levels. This year due to the restrictions with COVID the curriculum was revisited and designed to meet the needs of students learning in person as well as remote learners. Teachers were trained in using technology to better support all learners.

West Haven High School renovations continues and will be completed by the fall of 2022. The new facility will reflect a curriculum and schedule which aligns with the programs and activities developed for the staff and students. This climate will reinforce the community foundation from which it has been built and the high expectations for our youngsters in the humanities and sciences.

In the area of special education, we strive to keep our youngsters within our district and deliver the most appropriate instructional resources within the least restrictive environment. Our curriculum is designed to address the differing needs of all youngsters and is appropriate for our special education population. Toward this end, all classroom teachers continue to receive the training necessary to instruct our youngsters so as to best prepare them to access the curricula. Student truancy is addressed utilizing a variety of methods, both preventive and reactive. Parents are informed each year of the district policy regarding truancy and its effects on progressing through to the next grade, as well as credit implications at the secondary levels. Handbooks are distributed online and hardcopy, and are reviewed with students during the first week of school. Parents are contacted via school messenger each day of absence, with a follow up phone call to parents after a minimum of three absences. At the elementary level school social workers monitor attendance and personally meet with parents early in the school year to clarify the importance of school attendance. House visits have been made when necessary to support parents and students in returning back to school. Distance Learners were encouraged to return to school by both the staff and administrators. Power School provides a venue for parents to monitor student performance and attendance on a daily basis.

Efforts to Reduce Racial, Ethnic and Economic Isolation

During the 2020-2021 year, many opportunities continue to be offered at schools designed to reduce racial, ethnic and economic isolation. Even with some changes due to COVID we continued to drive our instruction to support all students while continued high expectations for all. Our efforts to expose students and their families to multiple educational, social and emotional supports have broadened awareness, thus an increasing accessibility of equal educational opportunities. Students were able to access school through in person learning or remote learning with district Chromebooks.

The district continues to build on community relationships, academic social and recreational activities at the schools following the COVID protocols. Efforts to support and engage families across economic and cultural divides have had a different mode of engagement, which included Zoom meetings & school-based activities or projects. Social Workers and Guidance Counselors consistently reached out to families to address concerns and questions. Partnerships with the University of New Haven, Yale University, the Community House (after school and readiness programming), Gateway Community College continued a smaller scale. PTA meetings were held via zoom, which made them more accessible to families who normally could not attend. All programming is designed to involve children and families in their community schools to reduce not only racial and ethnic isolation, but equally as important, economic isolation. After grade 4, all students in the district are housed in a 5-6, 7-8, and 9-12 school thus limiting the racial, ethnic and economic divides.

Students were offered a variety of free camps over the summer which included EL Summer Academy for Elementary and Secondary students. A forensic camp was established for students in grade 7 - 10. We also had a Community House partnership for students in K-4. Sports Camps and Drama Camps were offered for all students as well.

WH is committed to hiring staff in both certified & non-certified positions that reflect the diversity of our student population. A conscience effort has been made to include bilingual staff at each school and to seek out a more diverse teaching staff. Parental notices & forms are translated into multi-languages.

Equitable Allocation of Resources among District Schools

The West Haven Board of Education continues to allocate funds to its schools on a per pupil basis. School administrators and central office staff work together to develop a budget that is designed to meet the needs of a particular school community and its student population. The budget process takes into account the needs of the buildings as they relate to programs and initiatives offered throughout the district, as well as the educational, social and emotional needs of the student population. Each school budget is designed to ensure comparable resources are distributed across the buildings. It is the responsibility of the district-wide content area coordinators to implement major curriculum changes and related professional development in such a manner to ensure equal access of content for all youngsters in the District. West Haven is committed to following all state and federal guidelines when allocating grant funds, thus ensuring that students most in need will benefit.

The West Haven Board of Education is committed to ensuring equal access to the curriculum and equitable allocation of all resources, such as technology.
