Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 325

Number of school-based arrests: 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	93.9%	83.8%	10.1%	9.8%	Y

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. East Haven School District

Narratives

School District Improvement Plans and Parental Outreach Activities

East Haven is focused on improving performance in a welcoming community. This includes implementing an engaging curriculum aligned with our stakeholder-driven vision of the graduate, recruiting, supporting, and retaining talent to support students at high levels, and the systematic reflection on student growth as a result of adult actions. We engage in three-year cycles of curricular revision to ensure all content areas meet content standards, emphasize academic vocabulary to increase rigor for all. In grades K-8 the District adopted curricular changes to improve core instruction and horizontal alignment to meet the needs of diverse students. Sheltered instruction provides English learners better access to our core curriculum. We are committed to improving academic and behavior outcomes through our multi-tiered system of supports and interventions. Teams work with our Attendance Officer to reduce chronic absenteeism, increase student engagement, and support families so our students come to school ready to learn. The District's Pupil Services Department continues to improve special education services for students with disabilities in a least restrictive environment. East Haven has expanded the number of classrooms for students with autism. Our special education teachers serve as a resource for general education, creating space for special education and regular education teachers to collaborate on ensuring the success of all students. Throughout the 2020-2021 school year, building and district Family and Community Engagement (FACE) Teams composed of parents/guardians, school staff, community partners, and student representatives (middle and high school) were convened to provide an ongoing dialogue between all stakeholders. Using the National Network Partnership Schools Model, all team members are trained on Connecticut's Full Equal and Equitable Partnerships with Families framework. High impact strategies, such as establishing "community circles" and training for virtual Parent Teacher Home Visits allow for a supportive, collaborative culture to develop. Our FACE teams evaluate effective strategies for communication, welcoming schools, and equity. Our PowerSchool parent and student portals keep families informed of student activities, grades, and absences. Our ATLAS public site offers parents a chance to view an overview of district curriculum offerings and courses, with suggestions for home and school connections. Schools send home frequent updates using the District's messaging system announcing evening activities such as literacy nights, math game nights, college fairs, and other important opportunities for parents to learn how they can support and work with their children at home. This year, virtual offerings allowed us to flexibly serve the needs of our community while maintaining safe distances. Information is sent using voice, e-mail, Facebook, and texting to further increase communication with families and the community at large. District events and activities are "tweeted" or "posted" with real-time pictures and captions that demonstrate the importance and power of partnering with parents. All this information is then linked to our District's website and East Haven that parents can download on their phones.

Efforts to Reduce Racial, Ethnic and Economic Isolation

East Haven Public Schools has long promoted an environment that fosters respect for diversity with the goal that all students feel accepted, connected, and valued. We embrace our diversity in meaningful ways that enhance the educational experience for all our students. Several ongoing programs support ongoing dialogue around diversity and tolerance. The district has expanded efforts to promote the use of restorative practices to ensure equity of voice within the school community. East Haven participates in the Open Choice Program. Through this program, students from urban communities enter our schools in kindergarten and are eligible to remain through grade twelve. East Haven is also partnering with our local RESC in a "Grow Your Own" minority recruitment initiative for identified minority paraprofessionals who are interested in becoming certified teachers. We hold events like a virtual minority recruitment fair to help recruit effective talent. Course offerings in both ELA and Social Studies at the high school are designed to provide students with opportunities to reflect on historical events from multiple perspectives, with a focus on identity and equity. Our elementary school social studies curriculum includes opportunities to analyze aspects of culture and examine the legacies of various immigrant groups who have made the United States home. We actively seek grant opportunities to create space to learn more about the endurance and strength of various communities, such as a recently awarded grant from the Mohegan tribe. East Haven has a robust Unified Sports program that celebrates the athletic capabilities of students with diverse abilities. Our curriculum revision process includes the review of curricular materials for bias and the inclusion of materials that are representative of our student population, with inclusive practices embedded. Our social studies department attended training in preparation for offering the Black and Latino studies course in 2021-2022. This year we continued our partnership with Dr. Bill Howe, past president of the National Association for Multicultural Education (NAME), with follow-up training to increase representation in career-focused high school classes and establish measurable outcomes for improving equity.

Equitable Allocation of Resources among District Schools

The East Haven Board of Education allocates resources in a manner that ensures equity for all students while maintaining a system that is responsive to the unique needs of each school and each student. The budget development process is inclusive and allows all members of East Haven's educational community to contribute and provide input. District priorities, such as staffing and curriculum revision, are budgeted to ensure that students in all grade levels are offered a comparable educational experience. For example, staffing decisions are driven by the goal of equalizing class size at all grade levels across the district. Expenditures continue to support District curriculum initiatives that benefit all students in every school. In addition to District-funded activities, dollars are allocated on a per capita basis, so building principals have the flexibility to address the school improvement activities and the individualized educational needs within their schools.
